

IRB Reciprocity Agreement Between ASU, NAU, and UA

May 2008

Arizona State University, Northern Arizona University, and the University of Arizona are pleased to announce the establishment of an Institutional Review Board (IRB) reciprocity agreement for research projects involving investigators from the three campuses. This agreement simplifies the process of IRB review of collaborative projects by allowing one campus to become the designated IRB for jointly conducted projects. We hope that this agreement will encourage research collaborations among our three state campuses. Please contact your campus Human Subjects Protections office for more information. You can reach the University of Arizona Human Subjects Protection Program Office at (520) 626-5925.
