UA Process:

Bucket 1 projects will answer NO to all of these questions (send a one-pager if any are YES):

- Are matching funds or central admin (e.g. VPR, Provost, Facilities) funds required?
- Are you responding to a "limited solicitation" (e.g., only X proposals per institution)?
- Are there IT needs in the project beyond current infrastructure (i.e., Need UITS for computing or network issues)?
- Does the proposal need space/renovation/new construction/HVAC (or related) activity?
